

Burford®

Water Splitter/Butter Applicator

MODEL 8824-4 - RIGHT HAND, MODEL 8825-4 - LEFT HAND

MODEL 8824-4 SHOWN
WITH OPTIONAL CONVEYOR

Split top bread and rolls are easily produced using the Burford® Water Splitter and Butter Applicator. Following an accurately applied stream of low pressure water which splits the proofed product, a stream of melted butter is applied into the split, producing an attractive product with a special appeal.

BUTTER MELT TANK
