

Our Commitment to **QUALITY**  
*takes* **RV COMFORT**

*to an ultimate*  
**NEW LEVEL**

When it comes to **RV COMFORT**, the **HOT and COLD Experts** at **AIRXCEL RV GROUP** offer the most advanced, efficient and effective comfort solutions in the industry.

At **Suburban**, we're focused on delivering only the highest quality RV furnaces, water heaters, ranges and cooktops available. Our expertise with gas appliances guarantees reliability and superior performance, while our commitment to innovation ensures we'll continue to stand out when the market heats up.

At **RV Products**, we've been building powerful, reliable Coleman®-Mach® RV Air Conditioners for more than 30 years and have produced over 5 MILLION UNITS. So whether you need a rooftop air conditioner or one of our popular off-roof central air units or heat pump systems, you can count on us for quality performance and long-lasting durability.

As **AIRXCEL RV GROUP**, we're proud to bring the RV industry the most reliable, powerful and efficient **COMFORT** products available. We're committed to expanding our capabilities and expertise. **WE ARE THE HOT AND COLD EXPERTS** and we take that responsibility seriously!

**SUBURBAN DROP-IN  
& SLIDE-IN COOKTOPS**

Available in two and three burner drop-in or three burner slide-in models. Suburban gas cooktops are ideally sized to fit most motor homes, travel trailers, vans and campers. They are available in a variety of colors to compliment any decor.

# RV COMFORT SOLUTIONS

**COLEMAN®-MACH®  
MACH 8 ULTRA LOW-PROFILE  
RV AIR CONDITIONERS and  
HEAT PUMPS**

The revolutionary **MACH® 8** models have the lowest aerodynamic profile of any rooftop units ever in the RV Industry. The **INDUSTRY EXCLUSIVE** fiberglass basepan, provides superior strength and durability while reducing weight. Available in 9k, 13.5k, and 15k BTU/h rated capacities and in **ROUGHNECK™** rough duty models. The **MACH® 8** outperforms all competitive models by delivering more cooling BTU's at a higher rate of airflow. Built-in 100% condensate water removal is also available.

**SUBURBAN HIGH  
RECOVERY WATER HEATERS**

The best water heaters on the road today, Suburban's line of durable, porcelain-lined steel tank water heaters includes high recovery gas, gas-electric and motor aid models with sizes and features to match the requirements of almost any RV.

## HOT AND COLD EXPERTS

**COLEMAN®-MACH® MACH SERIES  
RV AIR CONDITIONERS and  
HEAT PUMPS**

**MACH® Series** air conditioners and heat pumps are the best value and the most reliable units in the RV Industry. Available in 13.5k and 15k BTU rated capacities, in energy efficient, **POWER SAVER (P.S.)** models, and in **ROUGHNECK™** rugged use and **SEA MACH™** salt water treated models. ALL **MACH® Series** units deliver superior cooling performance using the highest quality components.

**SUBURBAN HIGH  
EFFICIENCY GAS RANGES**

Available in black or porcelain stainless steel finishes, Suburban gas ranges bring a residential look to any RV galley. Cooktop surfaces feature a choice of conventional or sealed burners for easy clean up. Available in 17" and 22" sizes with adjustable oven racks and large broiler areas able to accommodate an optional full-size porcelain broiler pan.

**FREE DELIVERY CEILING ASSEMBLY** Compatible with all 47000, 48000 and 49000 Series **COLEMAN®-MACH®** units, the **FREE DELIVERY** ceiling assembly makes operation easy. Control knobs are mounted on the end of the unit, and filter replacement is more convenient than ever. Optional electric heat elements are available.

**CHILLGRILLE™ DUCTED  
CEILING ASSEMBLY**

The exclusive **DirectFlow Louver System** offers personalized comfort in any RV! Simply open the specially designed louvers to channel cold air straight down into the cabin, or close them to divert cold air through your existing duct system.

**PARK-PAC™ PARK MODEL  
AIR CONDITIONER**

Our **Park-Pac™** is designed to meet the heating and cooling requirements of recreational park trailers. Available in a rated 13.5k BTU capacity. Ease of installation, operation, maintenance and service make the **Park-Pac™** the brand of choice.

**SUBURBAN Q SERIES  
QUIETER GAS FURNACES**

Offered in SFQ, NTSQ and NTSEQ models, Suburban's new generation of furnaces offer quieter performance with lower amp draws. The new blower design generates more airflow allowing a decrease in motor RPM which lowers the amp draw and reduces blower noise. This **QUIET** performance is available in all Suburban ducted and direct discharge furnaces.
