

Digital Force Gauge

FEATURES:

- High accuracy & high resolution.
- Having 5 kinds of test modes, 3 kinds of display usages for selection.
- Unit: N, kgf and lbf for your selection, which can make conversion each.
- Function of reset the acceleration of gravity.
- Peak hold function.
- Peak automatic clearance function.
- Set the tolerance limit (Max/Min).
- Super memory function – deposit 888 test values.
- Automatic power off function.
- With 2 sets of different installation size.
- LCD screen turn direction function.
- Inductive background light.
- RS-232 output.
- Analysis & synchronous test software (optional) is available, it can connect to PC to get synchronous graph, and also can reserve, print, analysis and so on.

SPECIFICATION:

Model	HP-2	HP-3	HP-5	HP-10	HP-20	HP-30	HP-50	HP-100	HP-200	HP-300	HP-500	HP-1K
Capacity	2N	3N	5N	10N	20N	30N	50N	100N	200N	300N	500N	1000N
Resolution	0.001N	0.001N	0.001N	0.01N	0.01N	0.01N	0.01N	0.1N	0.1N	0.1N	0.1N	1N
Sensor	Sensor inside											
Accuracy	±0.5%											
Dimension	230mm x 66mm x 36mm
