

MFJ-209 HF/VHF Antenna Analyser

Name MFJ-209 HF/VHF Antenna Analyser

Manufacturer : MFJ

Model : mfj-209

MFJ-209 HF/VHF Antenna Analyser

MFJ-209 HF/VHF Antenna Analyser

* Frequency Coverage 1.8 - 170MHz * 6 Frequency Ranges * Connector SO-239 *
Analogue * Supply: AA Cells or ext. 12V DC * Size 103 x 173 x 60mm * Weight 680g

The MFJ-209 Antenna Analyser is an easy to operate, versatile test instrument for analysing nearly any 50 ohm RF system. Covers all ham bands between 160m to 2m. For precise frequency measurement the station transceiver or small portable receiver may be used as a monitor.

Price : £154.96
