Pioneer & Havis Pole Packages

Make Havis® your source for the new
WHELEN Pioneer™ Super-LED® Floodlight (Patent Pending)

Rugged... Reliable... Brilliant!

Step into the 21st century with the Whelen Super LED® Pioneer light mounted on top of a Havis pole mounting system. Offering a HDP® Heavy-Duty Professional 5-year warranty on the light fixture and lifetime pole warranty, you can be confident this is a winning combination for your department.

- Solid-State electronics and lamp source are proven reliable, and durable, and, eliminate the high cost of lamp or ballast replacements.

- Pioneer™ Super LED® floodlights are instant On/Off eliminating the high current in-rush and warm up time associated with other light sources.

- Rugged aluminum housing. A wide range of mounting styles available to choose from, allows for maximum light effectiveness.

- Pioneer™ Super LED® floodlights do not emit ultraviolet radiation that attracts insects during nighttime operation.

- Available in 12 or 24 volts

Pioneer & Havis Pole Packages

How to order:

KR-SB-8PFP2

KR-SB-200 & 500 Series

Havis Mounting Applications

Two Piece Mounting Brackets - allows for easy install without scratching or chipping paint. All top and bottom raise poles come standard with two mounting brackets.

Locking Collar - features internal O-ring gasket provides a water tight seal.

Single Bolt Mounting - reduces surface area by 80% over mounting systems!

Packaged with Havis mounting solutions such as Top raising poles, Bottom raising poles, Permanent mounts, Tripod applications, & Thru-body.

KR-SB-6PFP2-S

KR-13PFP1
